

FIRST AID, CPR, AND HEALTH SCREENING

UPCS recognizes the importance of taking appropriate preventive or remedial measures to minimize accidents or illness at school or during school-sponsored activities. To this end, UPCS expects parents/guardians to provide emergency information and keep such information current in order to facilitate immediate contact with parents/guardians if an accident or illness occurs.

Within UPCS facilities, a First Aid Kit containing appropriate supplies will be present. First aid will be administered whenever necessary by trained staff members. When necessary, the appropriate emergency personnel will be called to assist.

All teachers are to be certified in adult and pediatric CPR and First Aid and be recertified prior to expiration of certificates. Opportunities for adult and pediatric CPR and First Aid training will be offered to all support staff and volunteers.

Instructional and administrative staff will receive training in emergency response, including "first responder" training or its equivalent.

Resuscitation Orders

School employees are trained and expected to respond to emergency situations without discrimination. If any student needs resuscitation, staff shall make every effort to resuscitate ~~him/her~~ the student. Staff members are prohibited from accepting or following any parental or medical "do not resuscitate" orders. School staff should not be placed in the position of determining whether such orders should be followed, and such Advance Directives shall not be communicated to staff. The Executive Director, or designee, shall ensure that all parents/guardians are informed of this policy.

Vision, Hearing and Scoliosis Screening

UPCS shall screen for vision, hearing and scoliosis as required by Education Code Section 49450, et seq., per appropriate grade levels.

Diabetes

~~Beginning in the 2010-11 school year,~~ UPCS will provide an information sheet regarding type 2 diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 2 diabetes.
2. A description of the risk factors and warning signs associated with type 2 diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes should be screened for type 2 diabetes.
4. A description of treatments and prevention of methods of type 2 diabetes.
5. A description of the different types of diabetes screening tests available.

UPCS will provide an information sheet regarding type 1 diabetes to the parent or guardian of a student when the student is first enrolled in elementary school, pursuant to Education Code Section 49452.6. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of type 1 diabetes.
2. A description of the risk factors and warning signs associated with type 1 diabetes.
3. A recommendation that parents or guardians of students displaying warning signs associated with type 1 diabetes should immediately consult with the student's primary care provider to determine if immediate screening for type 1 diabetes is appropriate.
4. A description of the screening process for type 1 diabetes and the implications of test results.
5. A recommendation that, following a type 1 diagnosis, parents or guardians should consult with the pupil's primary care provider to develop an appropriate treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Commented [CF1]: Per Ed. Code 49452.6, on and after January 1, 2023, the governing body of a charter school must make Type 1 diabetes informational materials accessible to parent/guardian of a student when the student is first enrolled in elementary school.

Head Lice

To prevent the spread of head lice infestations, UPCS employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse, or designee, shall examine the student and any siblings of affected students or members of the same household. If nits or lice are found, the student shall be excluded from attendance and parents/guardians informed about recommended treatment procedures and sources of further information.

The Executive Director, or designee, shall send home ~~the notification required by law~~ for excluded students. If there are two or more students affected in any learning center, an exposure notice with general information about head lice shall be sent home to all parents/guardians of those students.

Staff shall maintain the privacy of students identified as having head lice and excluded from attendance.

Excluded students may return to school when reexamination by the nurse, or designee, shows that all nits and lice have been removed.

Commented [CF2]: The current CDPH guidance is that no child should be excluded from school based on finding any lice or nits. See guidance at: <https://www.cdph.ca.gov/Programs/CID/DCDC/CDPH%20Documents%20Library/SchoolGuidanceonHeadLice.pdf>
